

REFERRALS:

We are so pleased with the service you have provided in selling our home, and guiding us to purchase a new home.

Joan, you have been so dedicated and professional. We really feel that this process was catered to us. We appreciated the time you spent sending listings to us, showing the homes and working around our hectic schedule. We always felt that you gave us 100% of your time.

There are very few professionals that I have come across in life, which I would recommend as highly, as I recommend you. Anyone who is lucky enough to have you involved in the purchase or sale of their home, is very fortunate.

Thanks for changing our lives, and making the emotional process of buying and selling seem so easy and effortless.

With our fond regards,
Carol & Bob Rutter

I would like everyone to know how wonderfully helpful Joan was to me when I was searching for a new home.

Joan was always prepared and always professional in her dealings with me. She investigated property after property for me and she did everything in her power to make sure that I wasn't buying a "lemon". She always noticed things that I would miss when looking at a new property and she made sure she discussed every detail before moving on or making any decision. I was completely secure in the knowledge that my best interests were her top priority. She was also able to put me in touch with other quality professionals who provided assistance in the purchase of my new home. Joan really is a knowledgeable, helpful, and trained real-estate professional.

Thanks to Joan's diligence and dedication, my daughters and I now live in a great house.

I have recommended Joan to everyone I know!

*Sincerely,

Joan, you were an enormous help to us both in buying & assisting us to sell our home! You went way beyond the call of duty & we will never forget your personal ethics, your kindness & caring through a rather stressful time.

Your knowledge & advice on staging was extremely helpful & your overall approach & honesty will always be remembered.

We would not hesitate to highly recommend you to any of our friends or family.

We would always be thankful to Joan who helped us to purchase our home. My wife and myself appreciate all her efforts to find the right home for us and later on, when we found one, all her help, constant contact as well as all those little pieces of advices that she always had for us.

Thanks a lot, Joan...Please continue with the way that you do your work

We sold our home with Joan within 3 days of filling out the listing and received our asking price. Joan was great, she came down to our level and really gave us honest thoughts on how much we could sell our home for and negotiated the best deal our our new home. When you think of real estate agents you think of people who are out to make a buck and don't really care to much about the actual people, not Joan she cares! Joan devotes her time and energy with you and really cares, she doesn't push you into anything and will take the time to explain both pro's and con's of any decision that will effect you.

We were thrilled with Joan's service for both buying and selling. We are happy in our new home. Shall we ever decide to move again, there will not be an option, our home will be listed again with Joan!

Joan, I also like the services that you provided to me, professional and sincere. I fully trust you. As a client, I am thinking about that not Only you are a very good person and a professional agent but also RE/MAX is also a reliable company, because one of my colleague said to me last Friday that their agent is also very good and always consider what they need first. Their agent is also working in RE/MAX.

Thanks and best regards to you and also to RE/MAX!

Selling/buying a house can be a rather stressful experience. However, due to the time given, trust, and tips of our realtor, Joan, no sleep was lost. Joan's professional but personal presence was very assuring. Her honesty, availability, and humor added to an enjoyable experience. We have already recommended her to others.
